

Pro Vita C Body Scrub 200 ml

Did you know that...?

- 1** The naturalness index of the new body scrub is 10% higher than in the previous version and amounts to 97%.
- 2** The rich composition of the sugar body scrub contains **active** ingredients, such as **E-C-F vitamin complex, natural cranberry seeds, shea butter, almond oil, and soybean oil**. Such selected ingredients let us create a product which cleanses and gently exfoliates dead skin cells. The scrub revitalises and smoothens, leaving skin silky smooth and soft.
- 3** Active ingredients in the composition:
 - **E-C-F vitamin complex** helps preserve the youthful look of the skin;
 - **sugar and natural cranberry seeds** gently exfoliate dead skin cells;
 - **shea butter** regenerates, leaving skin silky soft and elastic;
 - **almond oil and soybean oil improve skin elasticity**, moisturise and smoothen the skin.
- 4** A perfect offer for the skin that needs a gentle scrub and cleanse to leave it moisturised and prepare for the subsequent steps of the skin care routine.
- 5** The ingredients of the scrub are selected to work together, and **their synergistic action helps improve the condition of the skin of your body – also of the sensitive skin.**
- 6** The new citrus scrub complements the new Pro Vita C line.
- 7** A very pleasant, subtle citrus scent that lingers on the body after application.
